

SPACE LASER

AVAILABLE IN UPRIGHT(20" MONITOR)
TABLE MODELS(14" MONITOR).

"A LASER DUEL IN SPACE"

FEATURES

Light lasers ... beams of incredible destructive power ... flashing through space with the speed of light Can you dodge in time?
Can you shoot the enemy before he shoots you?
Can you stand up to the challenge of SPACE LASER?
Your opponent has all the laser power that you have. He also has the same ability to dodge and avoid that you have. Sharpness of eye and coordination of reflexes determines the winner.
But you better not waste shots ... When your fuel supply gets too low your laser power fails!

INSTRUCTIONS

- * Insert coin(s).
- * Single player battles computer-controlled spaceship.
- * Control your spaceship and shoot down opponent spaceship as you thread beam shot through flying space objects.
- * Scoring points:
 - Opponent spaceship ... 1,000 points
 - Flying space object ... 10-70 points
- * Game ends when all of your spaceships are destroyed.
- * Two players battle each other.
- * Game ends when all of either player's spaceships are destroyed.
- * One spaceship will be awarded when score reaches 5,000 points.
- * (When fuel reads "30" or less, your shot can not reach opponent spaceship.)
